

What Attracts Women To Men

Some guys get all the women. Others get snubbed. Why the difference? What do women really want.

- Take a look at romance novels.
- The hero is always an alpha male.
- Submission guidelines for love novels by publishers spot huge emphasis on the hero.

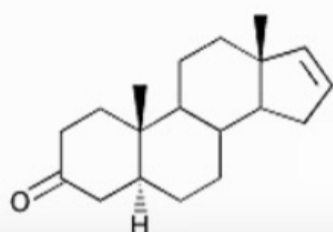

He Must be Someone People, Presumably a Woman, can Fall in Love With

He or she must be primarily an Alpha male. Meaning, he's the leader of the group. Not really a wannabe or second in control. He carries himself with confidence. Men look up to him. Women fall at his feet.

- Appearance-wise, usually, he is lean and muscular together with broad shoulders.
- The level of body a guy gets coming from the kitchen connoisseur with regular fitness center workouts.
- He is strong, yet treats his woman with tenderness.

He is Not Afraid to Practice His Woman

Today tread carefully here. Could possibly fine line in between what's acceptable and also what's stalker behaviour. Also, there are parallels between romance novel heros and the serial killers in horror stories. What she reads can influence her reaction to your behaviour. Pay attention to the books she reads. If she's into crime stuff, pursuing her relentlessly and showing up at her place of work to court her can cause her to panic, making her consider more stalker than Romeo. If it is romance novels she reads, surprising her with a huge bouquet of roses at your ex workplace and serenading her at outside her home will most likely leave her starry eyed, or at least get her to note you in a positive light.

What can You Do?

The easiest thing you can do to increase your attractiveness to women is to head for the gym at least thrice a week and work out with the maximum weights you can manage. Build your body and the women would notice. From neck, in order to arms, to abs, to butt, to be able to thighs. Women like men with muscle groups. Go easy on the beer. Apparently, romance fiction typically have heros with muscled abs and no flab. Think that is too much? What do women do to attract men? Plastic cosmetic surgery, boob work, starvation diets just to look attractive to men. At least men don't have to survive on lettuce leaves and also have balloons inserted into their boxes to attract the opposite sex.

Why People Wear Perfumes and other Fragrances Scented oils, perfumes and other fragrances have been adored by people because early civilization. Today, perfumes can be found all around, coming from scented candles, to all your favorite bath and body products. There are numerous reasons why...

- Beyond the physical appearance, a man's character counts.
- The way he treats others.
- A caring man is more appealing than a selfcentered lout.
- Alright, the particular Rhett Butler kinds appeal to ambiance readers but in real life?

Carry Yourself With Full Confidence

Stand tall. Aspire to be the best you can be in all ways. A positive attitude shows. Keep your cool any time others inflate. Your self control gives you the sting and women notice such things. One of the differences between the alpha whom women gush over and the asshole who turns off the women is not the appearance but the attitude. A guy who growls all the time and blows up at the slightest provocation and is so full of himself is an asshole. A guy that fights for the rights of those under his protection, who requires responsibility for his or her own actions, who is incredible patient and has great self control is the alpha. The smart girls can tell the difference, but the naive ones usually can't. Still, if you want the pick of the ladies, had better be an alpha than an asshole.

Sometimes a man may **attract women** for no clear reason at all. The destination could happen with a chemical stage. People like animals secrete **pheromones**. They are sensed in a **subconscious level**. Contrary to popular belief, pheromones are usually odorless, even though they are sometimes mixed into perfumes for that **sex appeal** effect. If you want to go all out to attract women, you can turn to pheromones. Not by neglecting to bathe, but by using a pheromone perfumes.
